

Real Pathways RI is a new workforce development initiative that supports partnerships between and among public, private, and nonprofit agencies that focus on serving populations with traditional barriers to employment (ex. veterans, homeless, long-term unemployed) or regions of the state with above average concentrations of poverty or unemployment.

Lead by a lead convener, these partners will collaborate to provide workforce development services that are demand-driven, linked to the larger workforce development network, and designed to maximize the opportunities for middle class employment.

It starts with partnerships....
